

Welcome back

We will be taking some new steps to ensure your safety while visiting the salon

Scheduled appointments only at this time.

We are staggering appointments and practising social distancing both in the building and the salon. If you arrive and someone is still in the lobby please wait outside until that person leaves, if a client is still in the treatment room, please feel free to sit in the lobby and relax.

Please wear a mask when entering the premises, if you don't have a mask one will be available for you upon arrival.

Extra sanitation measures are in place, there is sanitizer available or you are welcome to use the washing station upon arrival.

If you feel unwell, please visit us another time
